

**Welcome!**

We are fulltime RVers who take time to test each product in our rig as we cross America in all kinds of weather, traffic and camping challenges. Either by solar-powered boondocking in nature or luxury RV resort full hook-ups, we are living testimony of what works RVing... and what doesn't!

Ed brings half a century of RVing know-how... while Cassandra focuses on having every RV dollar you spend make sense!

See the latest RV trends, cost-effective techniques, and essential products. Your questions deserve competent answers!

RV accessories we display at rallies have passed the standards of quality, price, and environmental impact.

off-the-grid necessities  
Spur RV innovations**

**What Makes Our Seminars Meaningful?**

Our seminars are fast-paced, humor-laced, fact filled, and solution oriented! Expect a broad-based, easy-to-understand learning experience with tips, techniques, and products that make RVing safer, simpler... and **FUN!**

Our seminars are energized with our RVing adventures on three continents. Working with European Motorhome Tours and creating 50-rig tours to Baja California, we go the extra mile to make our seminars worth remembering.

RV technology is improving dramatically, a "newbie" needs to start out right while a seasoned RVer needs to know what's new.

Our PowerPoint seminars are designed to provide educational keys from which you can make informed choices based upon YOUR needs, desires, and resources.

**Rally With Friends...**

## A Cascade of Cost Effective RV Reliability!

## An RVer's Friend Performance & Practicality...

**Preserve Memories & Avoid False Claims** — Uncommonly sharp DashCam automatically provides panoramic travel videos, day/night security, and gives early warning collision dangers!

**Higher Flow RV Water Pressure Regulator** — Latest technology protects water lines to provide maximum safe full flow PSI. Pressure gauge can be added before or after regulator.

**Invigorating Shower Power** — Enjoy MORE water pressure while using LESS water! Transform wimpy showers with oxygen infused, spa quality, 2-way or 5-way handheld showerhead.

**How Do You Water Your Batteries?** — Single point easy fill maintains ideal water/acid balance for up to ten batteries. Charges faster! Holds charge longer! Adds years to batteries!

**Odor Free Black & Gray Tanks** — Skip harsh chemicals & deodorizers! Safe & effective microbes restore sensor accuracy and naturally digest waste to assure a sweeter smelling rig!

**Easy RV Clean & Shine** — Save Wash & Wax time, energy, & money! Simply Spray & Wipe! Tough, shiny, antistatic polymers lock together to form a long-lasting dirt shedding UV shield!

**Safer, Better Tasting Water** — Activated coconut charcoal filters improve taste and flow rate while filtering out bio-hazards. Safely sanitize your entire Fresh Water System.

**Metal Cleaner/Lubricant** — Fabulous multi-use metal lube & protectant for jacks, levelers, slides, & hitches! Long lasting dry lube won't wash off or attract dirt! Sheds rust & corrosion!

**Velcro Solves Multiple RV Challenges** — Our high-temp "sticky back" Velcro stays on up to 220°f. Enjoy better ways to mount pictures, secure awnings, restrain appliances, *and more!*
